

Tisztelt Társasági Tagok!

Sigbert Huber, az IUSS titkára értesített minket az alábbi lehetőségről, mely a riói konferenciára ad támogatást diákoknak:

---

Dear representatives of the National Soil Science Societies,

Let me inform you that the IUSS decided to provide travel support to students who will present their scientific work at the WCSS 2018 in Rio.

We are exclusively asking you to help us find the best students from your societies as we want to support their involvement in the 21st WCSS.

The support is limited to 10,000 USD in total (max. 1,000 USD per student).

Criteria for selection: high quality master or PhD student, abstract accepted and fees paid for WCSS participation

Applicants need to send an application letter, student certificate, approval of their abstract, confirmation of registration fee paid and a comprehensive CV.

The selection of the students to be supported will be carried out by an IUSS Committee consisting of selected members of the Executive Committee.

Applicants shall send their applications to [iuss@umweltbundesamt.at](mailto:iuss@umweltbundesamt.at) until June 15, 2018.

Best regards,

Sigbert Huber  
Secretariat of International Union of Soil Sciences
