Tárgy: Konferencia felhívás

Tisztelt Társasági Tagok!

A Prágai Egyetem lesz a helyszíne a **6th International Symposium of Soil Physics** rendezvénynek. Az infó csak késve jutott el hozzánk, ezért a jelentkezési határidőt meghosszabbították január 19-ig. Nagyon számítanak a magyarok részvételére is. Ide másolom a levelüket:

Dear colleagues,

we would like to announce that the conference website of **6th International Symposium of Soil Physics** is ready (<https://czuni.cz/en/ud%C3%A1lost/6th-international-symposium-of-soil-physics/>) and registration is open.

Conference will be held at **Czech University of Life Sciences Prague**, Czech Republic, **February 6 – 7, 2024**. Conference follows conferences held in previous years in Poland and Lithuania.

The conference will focus on **(1) novel methods for studying soil physical properties**, **(2) finding the relationships between soil properties and processes**, and **(3) the use of the properties and the relationships for solving both practical and scientific environmental tasks**. The focus will also be on **(4) the application of various mathematical models** for the interpretation of phenomena taking place in the soil, such as water flow, heat transport, and transport of various substances (nutrients, pollutants, colloids) in soils.

Authors are invited to submit a **one-page abstract** for an oral or poster presentation by email (to klement@af.czu.cz) by **January 19, 2024**. Please specify the name of the presenting author and the topic, and indicate preference for presentation (oral or poster). Authors will be notified of acceptance of the reviewed abstracts before **January 25, 2024**.

Sincerely

The organization team: Miroslav Fer, Ales Klement, Antonín Nikodem, and Radka Kodešová

Sikeres és hasznos konferencia részvételt kívánok!

Üdvözlettel,

Makádi Marianna
