Tárgy: Results of the voting of IUSS Presidential election 2020

Dear representatives of National Societies, other IUSS Council members and Honorary members,

Let us thank those who cast their vote for the IUSS Presidential election 2020.

In total we received 61 valid votes of which 10 were for Victor Okechukwu Chude (Nigeria) and 51 for Edoardo Antonio Costantino Costantini (Italy).

IUSS was very pleased to have two strong candidates running for the position.

So **Edoardo Antonio Costantino Costantini** from Italy, current Secretary of the European Society for Soil Conservation, was the successful candidate in this election.

He will take up the position of President Elect on January 1, 2021. He will be the first Italian President in the history of IUSS and will celebrate with us the Centennial in Italy in 2024.

We congratulate him on this success!

Ciao and best regards,

Sigbert Huber
